

What is the deadline?

Applications are ongoing.

The deadline for applications is generally 2 months before the orientation for the incoming cohort. Deadline for spring 2026 which begins mid-January 2026 should be submitted by October 15, 2025 @ 11:59pm.

When will you announce the cohorts?

We hope to announce Spring 2026 cohorts by November 15, 2024. We will send a formal correspondence to all who submit.

Is there a way to see all the questions on the form prior to submission?

Yes. The pdf is attached.

There is no way to save a form in progress. We suggest you complete the answers to the questions in a separate Word document, then copy and paste into the form.

The application asks for 5 person teams per church. Is it mandatory to have that many people on the team?

We highly encourage 5 team members. Sun-Walking Fellowship recognizes that life happens; having two adults and two youths in addition to the project leader allows the possibility for continuity. In certain circumstances, the least amount we would accept is 3 people (one in each category). We define youth as people in the 6th – 12th grades.

Can we be a part of both Fall and Spring cohorts?

To allow as many congregations as possible to participate, you can only participate in one the cohorts. You can designate which season is better or if you are only available for one of the two cohort seasons.

Is it required to attend the residency?

Yes. Residency is described as 1) the orientation and 2) the May Arts Festival. If you are participating locally (Louisville, KY) overnights accommodations could be waived. All dates will be given once the cohort is accepted.
